## **Participants' Feedback/Testimonials**

Here are testimonials from participants and community members:

"As a newcomer to the country, I used to pray for godly friends, I attended BOW Ottawa, and that was the answer. The connections I've made there are real and rooted in Christ. We encourage each other, check in, worship together, and hang out together. This is what community is supposed to feel like. My friends and I are excited to be at BOW New Jersey, too, and any other future BOWs."

"Serving with Favored Generation has stretched me, grown me, and changed me. I joined as a shy volunteer, and now I'm leading a small group and mentoring others. What I love is that leadership here isn't about a title. It's about serving with heart, humility, and vision. I've discovered my gifts, built deep friendships, and seen God use my life in ways I never expected."

"The teachings from Favored Generation has taught me that church isn't confined to four walls. Through their outreach efforts and love for families, youths, and children, I've been able to serve and connect with others in ways that are meaningful and life-changing. Favored Generation is not just building a community. They are changing lives and impacting future generations."

"When I lost my job, the Favored Generation community didn't just pray. They supported me practically, emotionally, and spiritually. They helped me see God's hand even in my lowest season. This is more than a ministry. It's a family that shows up."

"Worship with Favored Generation is not just about singing; it's a powerful experience of God's presence. My faith feels refreshed, restored, and reignited, all while supporting my mental health. The atmosphere is freeing, allowing you to be yourself and leaving me with a full heart and a lifted spirit."
